GISinc & Pro-West Launch Mentor Protégé Agreement

Together, mentor firm GISinc and protégé Pro-West & Associates offer an experienced team of GIS industry leaders within the federal government. Our team is uniquely skilled to offer services in the areas of application development, geospatial data services, and enterprise system design, integration, and operations.

GISinc and Pro-West have joined forces through the US Small Business Administration's All Small Mentor-Protégé Program to represent Small Business, HUBZone, and Women-Owned Small Business.
