

GIS Integration Specialist

HUBZONE | WOMEN-OWNED | SMALL BUSINESS

ABOUT PRO-WEST & ASSOCIATES

Pro-West is the only GIS firm ever to have received the US Small Business Administration's National Subcontractor of the Year Award.

Pro-West & Associates is a geographic information systems (GIS) integration firm that has been serving federal, state, local, and tribal governments, and private industry, since 1987. Pro-West provides solutions and services that allow its clients to efficiently map, analyze, and manage spatial geographic and database information.

Pro-West is a federally certified HUBZone and Women-Owned Small Business (EDWOSB, WOSB). Based in Walker, MN, Pro-West has an influence on GIS technology and practices that reaches far beyond its rural location.

Pro-West delivers GIS projects of all sizes across the United States as both a prime and subcontractor. The company is poised to accommodate multiple large projects, and augment staff to respond quickly and efficiently. Pro-West has the capacity to deploy knowledgeable technical and programming staff to work off-site and/or on-site.

Our experienced project management staff work with clients and prime contractors to ensure quality deliverables and successful projects.

Pro-West's extensive GIS software and hardware infrastructure supports the secure development, testing, and deployment of projects, facilitating scalable, cost-effective solutions.
