PARCEL MAINTENANCE PACKAGES

What are Pro-West & Associates' parcel maintenance packages?

With Pro-West & Associates' parcel maintenance packages, Pro-West performs your regular parcel updates, providing assurance that parcel edits will be performed accurately and on time. Eliminate a backlog of updates, alleviate the burden of ongoing parcel maintenance, and fill gaps in knowledge by working with Pro-West to meet short- or long-term parcel maintenance needs.

WHO WILL BENEFIT FROM PRO-WEST'S PARCEL MAINTENANCE PACKAGES?

Does your organization need assistance with keeping your parcels up-to-date? Do you have an influx of parcel updates that you struggle to keep up with, or did a change in personnel cause a backlog of updates that is waiting to be completed? Or, are you simply looking for assurance that updates will be performed consistently within a specified timeframe, without the worry of accommodating in-house workloads?

If the answer to any of these questions is "yes", your organization will benefit from having Pro-West take care of your parcel maintenance workload, whether filling a temporary resource gap or providing ongoing peace of mind.

WHAT'S INCLUDED?

- ✓ Standard parcel updates, e.g. splits, combinations, new plats or re-plats, roadway changes completed on your system *(secure remote options available)*

- ✓ Parcel Fabric maintenance - 1 version upgrade per year *(if applicable)*

WHY CHOOSE PRO-WEST & ASSOCIATES?

- 30+ years of parcel data expertise

- Esri Parcel Management Specialty holder

- Implementing Parcel Fabric for ArcGIS Pro for local governments since its inception

- Industry-leading technical expertise

- Collaboration with Esri to ensure tools work for real-life users

- Support through training or maintenance

- Packages designed specifically for local government

OPTIONAL ADD-ONS

- ✓ Annotation updates *(if applicable)*
- ✓ Easement updates *(if applicable)*
- ✓ Corner edits

- ✓ Backlog processing
- ✓ Assessor Map and/or Mapbook updates *(if applicable in your state)*

HOW OFTEN WILL MAINTENANCE BE PERFORMED?

Maintenance will be performed monthly. Need maintenance more or less often? Contact Pro-West for available options.

HOW LONG IS THE CONTRACT TERM?

Pro-West's parcel maintenance packages are designed to support short- or long-term needs. Choose from a contract that runs month-to-month for maximum flexibility or purchase a cost-effective 1-year or 3-year contract.

ARE THERE ANY REQUIREMENTS TO GET STARTED?

To join Pro-West's parcel maintenance program, organizations' parcel data is required to be in an Esri format.
